

Mithun M

Full-Stack Web Developer

Full-stack developer with expertise in Vue.js for dynamic and responsive front-end development and Spring Boot for robust, scalable, and RESTful back-end APIs. Skilled in seamlessly integrating Vue.js with Spring Boot to deliver end-to-end web solutions that excel in both user interface and server-side functionality.

WORK EXPERIENCE

Front-End Web Developer

Tata Consultancy Services

07/2021 - 07/2022

Bangalore

Achievements/Tasks

- Contributed to a project within the Banking, Financial Services, and Insurance (**BFSI**) sector.
- Migrated web applications from **AngularJS** to **Vue.js** framework.
- Developed a strong foundation and expertise in a range of essential technologies, including **HTML, CSS, JavaScript, Vue.js, Jest, Git** and more.
- Gained proficiency in VueJS addons like **vue-router, vuex, vuetify** and **vuelidate**.
- Accumulated significant experience in **Agile methodologies**, with a particular focus on the Scrum framework.

Full-Stack Web Developer

Tata Consultancy Services

07/2022 - Present

Bangalore

Achievements/Tasks

- Contributed to a project within the Banking, Financial Services, and Insurance (**BFSI**) sector.
- Designed and developed a web application, employing the **Vue.js framework** for the front end and the **Spring Boot framework** for the back end, enabling seamless instrument transfers between investment accounts.
- Developed a strong proficiency in **Java, JUnit, Mockito, Spring Boot, Maven, Postman**, and other related technologies.
- Managed end-to-end software development lifecycle by leveraging **Azure DevOps**, including proficient use of **Azure Boards** for comprehensive work item tracking, **Azure Repos** for collaborative version control, and the implementation of robust **CI/CD pipelines**, ensuring streamlined integration and efficient deployment processes.
- Integrated and leveraged key DevOps tools, including **SonarQube** for continuous code quality analysis, **Nexus Lifecycle** for dependency management and security scanning, and **Fortify** for robust application security assessments.

SELF-LEARNING

MERN stack (06/2023 - Present)

- Acquired proficiency in MongoDB, ExpressJs, ReactJs, and NodeJs by completing comprehensive Udemey courses and diligently studying the official documentation.

EDUCATION

BE in Electronics and Communication Engineering

Government College Of Technology, Coimbatore

08/2017 - 06/2021

CGPA- 8.62
